Title 7—AGRICULTURE

Chapter IX—Agricultural Marketing Service and Commodity Stabilization Service (Marketing Agreements and Orders), Department of Agriculture

[Valencia Orange Reg. 227]

PART 922—VALENCIA ORANGES GROWN IN ARIZONA AND DESIGNATED PART OF CALIFORNIA

Limitation of Handling

§ 922.527 Valencia Orange Regulation 227.

(a) *Findings.* (1) Pursuant to the marketing agreement and Order No. 22, as amended (7 CFR Part 922), regulating the handling of Valencia oranges grown in Arizona and designated part of California, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendations and information submitted by the Valencia Orange Administrative Committee, established under the said marketing agreement and order, as amended, and upon other available information, it is hereby found that the limitation of handling of such Valencia oranges as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for Valencia oranges and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and informa-

tion concerning such provisions and effective time has been disseminated among handlers of such Valencia oranges; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on May 18, 1961.

(b) *Order.* (1) The respective quantities of Valencia oranges grown in Arizona and designated part of California which may be handled during the period beginning at 12:01 a.m., P.s.t., May 21, 1961, and ending at 12:01 a.m., P.s.t., May 28, 1961, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 553,686 cartons;
- (iii) District 3: Unlimited movement.

(2) All Valencia oranges handled during the period specified in this section are subject also to all applicable size restrictions which are in effect pursuant to this part during such period.

(3) As used in this section, "handled," "handler," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in said marketing agreement and order, as amended.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: May 19, 1961.

FLOYD F. HEDLUND,
Deputy Director, Fruit and Vegetable Division, Agricultural Marketing Service.

[Lemon Reg. 900]

PART 953—LEMONS GROWN IN CALIFORNIA AND ARIZONA

Limitation of Handling

§ 953.1007 Lemon Regulation 900.

(a) *Findings.* (1) Pursuant to the marketing agreement, as amended, and Order No. 53, as amended (7 CFR Part 953), regulating the handling of lemons grown in California and Arizona, effective under the applicable provisions of the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), and upon the basis of the recommendation and information submitted by the Lemon Administrative Committee, established under the said amended marketing agreement and order, and upon other available information, it is hereby found that the limitation of handling of such lemons as hereinafter provided will tend to effectuate the declared policy of the act.

(2) It is hereby further found that it is impracticable and contrary to the public interest to give preliminary notice, engage in public rule-making procedure, and postpone the effective date of this section until 30 days after publication hereof in the FEDERAL REGISTER (5 U.S.C. 1001-1011) because the time intervening between the date when information upon which this section is based became available and the time when this section must become effective in order to effectuate the declared policy of the act is insufficient, and a reasonable time is permitted, under the circumstances, for preparation for such effective time; and good cause exists for making the provisions hereof effective as hereinafter set forth. The committee held an open meeting during the current week, after giving due notice thereof, to consider supply and market conditions for lemons and the need for regulation; interested persons were afforded an opportunity to submit information and views at this meeting; the recommendation and supporting information for regulation during the period specified herein were promptly submitted to the Department after such meeting was held; the provisions of this section, including its effective time, are identical with the aforesaid recommendation of the committee, and information concerning such provisions and effective time has been disseminated among handlers of such lemons; it is necessary, in order to effectuate the declared policy of the act, to make this section effective during the period herein specified; and compliance with this section will not require any special preparation on the part of persons subject hereto which cannot be completed on or before the effective date hereof. Such committee meeting was held on May 16, 1961.

(b) *Order.* (1) The respective quantities of lemons grown in California and Arizona which may be handled during the period beginning at 12:01 a.m., P.s.t., May 21, 1961, and ending at 12:01 a.m., P.s.t., May 28, 1961, are hereby fixed as follows:

- (i) District 1: Unlimited movement;
- (ii) District 2: 372,000 cartons;
- (iii) District 3: Unlimited movement.

(2) As used in this section, "handled," "District 1," "District 2," "District 3," and "carton" have the same meaning as when used in the said amended marketing agreement and order.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: May 18, 1961.

Effective date. The foregoing amendment shall become effective upon publication in the FEDERAL REGISTER.

The amendment adds the following additional areas to the list of areas designated as modified certified brucellosis areas because it has been determined that such areas come within the definition of § 78.1(i): Lee and Morgan Counties in Alabama; Craighead, Greene, Jefferson, Lawrence, and Mississippi Counties in Arkansas; Fresno, Imperial, Kern, Merced, Santa Barbara, Santa Clara, Sonoma, and Tulare Counties in California; Knox, Randolph, St. Clair, and Shelby Counties in Illinois; Audubon, Dickinson, Emmet, Lyon, Monona, Pocahontas, and Sac Counties in Iowa; Geary, Johnson, Osborne, Reno, and Wallace Counties in Kansas; Ballard, Franklin, Henry, Logan, Meade, Owen, Pendleton, Pulaski, and Whitley Counties in Kentucky; Franklin, St. John the Baptist, and Webster Parishes in Louisiana; Leake County in Mississippi; Grundy, Harrison, Jasper, Linn, Livingston, Pulaski, Scott and Vernon Counties in Missouri; Cedar, Dundy, and Gosper Counties in Nebraska; Grand Forks and Sioux Counties in North Dakota; Allen, Champaign, Clark, Clinton, Lake, Mercer, Miami, and Portage Counties in Ohio; Jasper and Orangeburg Counties in South Carolina; Brookings, Buffalo, and McPherson Counties in South Dakota; Andrews, Coke, Crockett, Culberson, Kendall, McCulloch, Mitchell, Motley, Real, Reeves, Runnels, Scurry, Sterling, Throckmorton, and Tom Green Counties in Texas; Appomattox, Dinwiddie, Greene, Louisa, and Prince George Counties in Virginia; and Crook and Hot Springs Counties in Wyoming.

The amendment imposes certain restrictions necessary to prevent the spread of brucellosis in cattle and it should be made effective promptly in order to accomplish its purpose in the public interest. Accordingly, under section 4 of the Administrative Procedure Act (5 U.S.C. 1003), it is found upon good cause that notice and other public procedure with respect to the amendment are impracticable and contrary to the public interest, and good cause is found for making the amendment effective less than 30 days after publication in the FEDERAL REGISTER.

Done at Washington, D.C., this 17th day of May 1961.

Director, Animal Disease Eradication Division, Agricultural Research Service.

Chapter III—Federal Aviation Agency

SUBCHAPTER C—AIRCRAFT REGULATIONS

[Reg. Docket No. 705; Amdt. 289]

PART 507—AIRWORTHINESS DIRECTIVES

De Havilland Model 104 Aircraft

A proposal to amend Part 507 of the regulations of the Administrator to include an airworthiness directive establishing retirement times for components of De Havilland 104 "Dove" aircraft was published in 26 F.R. 2757.

Interested persons have been afforded an opportunity to participate in the making of the amendment. No objections were received.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), § 507.10(a) of Part 507 (14 CFR Part 507), is hereby amended by adding the following new airworthiness directive:

DE HAVILLAND. Applies to all Model 104 "Dove" aircraft.

As a result of fatigue tests by the De Havilland Company, the following modification or replacements must be accomplished:

(1) The wing lower spar boom must incorporate Modification 780 or be replaced at or prior to accumulating 5,000 hours' time in service.

(2) Wings with Modification 780 must be replaced at 15,000 hours' time in service on

aircraft Series 1, 1A, 1B, 1BA, 2A, 2B, 2BA, 5, 5A, 5B, 5BA, 6, 6A, 6B, 6BA, and at 12,000 hours' time in service on aircraft Series 7, 7A, 8, 8A.

(3) The fuselage center section lower spar boom must be replaced at or prior to accumulating 2,500 hours' time in service unless Modification 538 is accomplished.

(4) Fuselage center section lower spar boom incorporating Modification 538 and Modification 686 not later than 3,600 hours' time in service after incorporating Modification 538, must be replaced at or prior to accumulating 10,000 hours' time in service.

(5) If the fuselage center section lower spar boom incorporates Modification 779 in lieu of Modification 538, no time limit is imposed.

(De Havilland TNS Series CT(104) No. 119, Issue 7 dated December 19, 1960, covers this subject.)

This supersedes AD 56-21-3 (22 F.R. 2420).

This amendment shall become effective June 20, 1961.

[Reg. Docket No. 750; Amdt. 290]

PART 507—AIRWORTHINESS DIRECTIVES

De Havilland Model 104 Aircraft

Service experience has shown that frequency of inspections for corrosion of the rib areas on De Havilland Model 104 "Dove" aircraft may be extended from six months to twelve months. The repetitive 6-month inspection detailed in the manufacturer's Technical News Sheet No. 125, Issue 2, was required by airworthiness directive 57-1-1 (22 F.R. 6047). To incorporate the change, AD 57-1-1 is being superseded by a new directive based on the manufacturer's revised Technical News Sheet. Since this is the only change to the present directive and is a relaxation in the frequency of inspections, notice and public procedure hereon are unnecessary and the amendment may be made effective upon publication in the FEDERAL REGISTER.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 6489), § 507.10(a) of Part 507 (14 CFR Part 507), is hereby amended by adding the following new airworthiness directive:

DE HAVILLAND. Applies to all "Dove" Model 104 aircraft prior to Serial No. 04503.

Compliance required as indicated.

Due to reports of severe corrosion at the mainplane lower spar boom, between ribs 7 and 7A and intercrystalline corrosion of the wing upper and lower spar booms, the following is required.

(a) Inspections shall be performed on the upper and lower spar booms from rib No. 1 to the wing tip using a 10-power glass as follows:

(1) *Tank Bay Area, Ribs 1 to 5.* Inspection required every six months, the first of such inspections to be made six months after the

effective date of this directive or six months after the last inspection with a 10-power glass, whichever date is earlier. If no signs of corrosion are found after two successive inspections, inspect every twelve months thereafter.

(2) *Wheel Well Area Ribs 5 to 7.* Inspection required every month, the first such inspection to be made one month after the effective date of this directive or one month after the last inspection with a 10-power glass, whichever date is earlier. If no signs of corrosion are found after six successive monthly inspections, inspect every six months thereafter. This inspection may be discontinued if surface protection is provided in accordance with De Havilland Dove Modification No. 852 and no indication of corrosion is evident after six months.

(3) *Rib 7 to Wing Tips.* Inspection required every six months, the first such inspection to be made six months after the effective date of this directive or six months after the last inspection with 10-power glass, whichever date is earlier. If no corrosion is found after a six-month period, inspect every twelve months thereafter.

(b) Any corrosion that is found must be thoroughly cleaned out prior to further flight. If the depth and width of the pocket are within the limits specified on De Havilland Drawing No. R.4W.349, the surfaces must be reprotected. If after cleaning out the corrosion pockets the limits of Drawing No. R.4W.349 are exceeded, the spar boom must be replaced prior to further flight.

(De Havilland Technical News Sheet CT (104) No. 125 Issue 5, dated December 19, 1960, covers this subject.)

This supersedes AD 57-1-1 (22 F.R. 6047).

This amendment shall become effective May 20, 1961.

(Sec. 313(a), 601, 603; 72 Stat. 752, 775, 776; 49 U.S.C. 1354(a), 1421, 1423)

SUBCHAPTER E—AIR NAVIGATION REGULATIONS

[Airspace Docket No. 61-NY-27]

PART 600—DESIGNATION OF FEDERAL AIRWAYS

PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS

Alteration of Control Zone and Federal Airway

The purpose of these amendments to §§ 600.223 and 601.2006 of the regulations of the Administrator is to alter the descriptions of the Buffalo, N.Y., control zone and Red Federal airway No. 23.

The Buffalo control zone and Red 23 are presently designated in part on the Buffalo radio range station. The Federal Aviation Agency is converting the radio range station to a nondirectional radio beacon. Therefore, the descriptions of Red 23 and the control zone are being changed herein to reflect this conversion.

Since the changes effected by these amendments are editorial in nature and impose no additional burden on the public, notice and public procedure hereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), the following actions are taken:

§ 600.223 [Amendment]

1. In the text of § 600.223 (26 F.R. 1060) "Buffalo, N.Y. RR," is deleted and "Buffalo, N.Y., RBN," is substituted therefor.

2. Section 601.2006 (14 CFR 601.2006) is amended to read:

§ 601.2006 Buffalo, N.Y., control zone.

Within a 5-mile radius of the Greater Buffalo International Airport (latitude 42°56'25" N., longitude 78°43'50" W.), within 2 miles either side of a line bearing 043° from the Buffalo RBN extending to a point 11.6 miles NE of the RBN, within 2 miles either side of a line bearing 223° from the Buffalo RBN extending to a point 24.4 miles SW of the RBN, and within 2 miles either side of the 099° and 279° radials of the Buffalo VORTAC extending from the 5-mile radius zone to a point 10 miles E of the VORTAC.

These amendments shall become effective 0001 e.s.t., June 29, 1961.

(Sec. 307(a), 72 Stat. 749; 49 U.S.C. 1348)

Issued in Washington, D.C., on May 15, 1961.

[Airspace Docket No. 61-HO-3]

PART 601—DESIGNATION OF CONTROLLED AIRSPACE, REPORTING POINTS, POSITIVE CONTROL ROUTE SEGMENTS, AND POSITIVE CONTROL AREAS

Revocation of Control Area Extension

The purpose of this amendment to Part 601 of the regulations of the Administrator is to revoke the Oahu-Molokai, Hawaii, control area extension (§ 601.1390).

The Oahu-Molokai control area extension established for the purpose of protecting northeastbound departures from the Honolulu terminal area.

After designation of VOR Federal airway No. 15 east of Kobo Head VOR on June 1, 1961 (26 F.R. 2549, March 25, 1961) the control areas associated with Hawaiian VOR Federal airways Nos. 4, 12, and 15 will occupy approximately the same airspace that is presently designated as the Oahu-Molokai control area extension. Therefore, this control area

extension is no longer justified as an assignment of airspace and is being revoked.

Since this amendment imposes no additional burden on the public, notice and public procedure hereon are unnecessary. However, since it is necessary that sufficient time be allowed to permit appropriate changes to be made on aeronautical charts, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (25 F.R. 12582), Part 601 (14 CFR Part 601) is amended as follows: § 601.1390 *Control area extension (Oahu-Molokai, Hawaii)* is revoked.

This amendment shall become effective 0001 e.s.t., July 27, 1961.

(Sec. 6, 38 Stat. 721; 15 U.S.C. 46. Interpret or apply sec. 5, 38 Stat. 719, as amended; 15 U.S.C. 45) [Cease and desist order, George McKibbin & Son et al., Brooklyn, N.Y., Docket 7245, February 14, 1961]

In the Matter of George McKibbin & Son., a Corporation, and Samuel Schulman, Harold S. Cohen, Leslie Schwartz, and Martin Sperling, Individually and as Officers of Said Corporation

Order requiring Brooklyn, N.Y., printers of a one-volume reference work entitled "Webster's Encyclopedic Dictionary of the English Language", a loose-leaf edition of "Webster's Unified Dictionary and Encyclopedia"—itself based on two older works, whose publishers licensed respondents to print and sell it in supermarkets only in the U.S. and Canada, where it was sold a section at a time over a 10-week period—to cease representing falsely—in advertising circulars, window banners, store displays, and on the title pages of the books—that their said reference book sold regularly for \$25 and was a new publication, and that all the information

contained therein was complete and up to date.

The order to cease and desist is as follows:

It is ordered, That respondent George McKibbin & Son, a corporation, and its officers, and respondents Samuel Schulman, Harold S. Cohen, Leslie Schwartz and Martin Sperling, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the offering for sale, sale or distribution in commerce, as "commerce" is defined in the Federal Trade Commission Act, of Webster's Encyclopedic Dictionary of the English Language or any other book or publication, whether sold under the same or any other title, do forthwith cease and desist from:

1. Representing, directly or by implication, that Webster's Encyclopedic Dictionary of the English Language is a new publication, provided that this shall not be construed to forbid respondents from representing that the manner of presentation of the information in such book is new;

2. Representing, directly or by implication, that any book or publication is new when it is based specifically upon a previously published work or when in form or content it is recognizably based upon a previously published work;

3. Representing, directly or by implication, that the information in Webster's Encyclopedic Dictionary of the English Language is complete or up to date;

4. Representing, directly or by implication, that the information in any encyclopedia or dictionary is up to date unless such information is reasonably current at the time the representation is made;

5. Representing, directly or by implication, that a certain amount is the customary or usual retail price of Webster's Encyclopedic Dictionary of the English Language or is the customary or usual price of any other book or publication, when said amount is in excess of the price at which such book or other books or publications is customarily or usually sold at retail;

6. Offering for sale, selling or distributing books or other publications consisting wholly, or substantially, of reprints of previously published books or other publications, unless the fact that they are reprints or contain reprinted material and the names of the previously published books or other publications are clearly disclosed in all advertising and on the title page in immediate conjunction with the title or in another position on the title page which would readily attract the attention of a prospective purchaser or on the front cover.

By "Final Order", report of compliance was required as follows:

It is ordered, That the respondents named in the caption hereof shall, within sixty (60) days after service upon them of this order, file with the Commission a report, in writing, setting forth in detail the manner and form in which

they have complied with the order to cease and desist.

Issued: February 14, 1961.

It is ordered, That Woloch Furs, Inc., a corporation, and its officers, and Raymond Woloch and Nathan Woloch, individually and as officers of said corporation, and respondents' representatives, agents and employees, directly or through any corporate or other device, in connection with the introduction, manufacture for introduction, or the sale, advertising or offering for sale in commerce or the transportation or distribution in commerce of fur products or in connection with the sale, manufacture for sale, advertising, offering for sale, transportation or distribution of fur products which have been made in whole or in part of fur which has been shipped and received in commerce as "commerce", "fur" and "fur product" are defined in the Fur Products Labeling Act, do forthwith cease and desist from:

A. Falsely or deceptively invoicing fur products by representing, directly or by implication, on invoices that the former, regular or usual price of any fur product is any amount which is in excess of the price at which respondents have formerly, usually or customarily sold such products in the recent regular course of business.

B. Falsely or deceptively advertising fur products through the use of any advertisement, representation, public announcement or notice which is intended to aid, promote or assist, directly or indirectly, in the sale, or offering for sale of fur products, and which represents, directly or by implication, that the former, regular or usual price of any fur product is any amount which is in excess of the price at which respondents have formerly, usually or customarily sold such product in the recent regular course of business.

C. Misrepresents in any manner the savings available to purchasers of respondents' fur products.

D. Making pricing claims or representations respecting prices or values of fur products unless there are maintained by respondents full and adequate records disclosing the facts upon which such claims and representations are based.

By "Decision of the Commission", etc., report of compliance was required as follows:

It is ordered, That respondents herein shall, within sixty (60) days after service upon them of this order, file with the Commission a report in writing setting forth in detail the manner and form in which they have complied with the order to cease and desist.

Issued: February 16, 1961.

Title 19—CUSTOMS DUTIES

Chapter I—Bureau of Customs,
Department of the Treasury

[T.D. 55386]

PART 4—VESSELS IN FOREIGN AND DOMESTIC TRADES

PART 5—CUSTOMS RELATIONS WITH CONTIGUOUS FOREIGN TERRITORY

PART 6—AIR COMMERCE REGULATIONS

PART 24—CUSTOMS FINANCIAL AND ACCOUNTING PROCEDURE

Combined Application To Lade or Unlade and Requests for Overtime Services

Under the present regulations, customs Form 3851 is required to be supplemented by a Request for Overtime Services of Customs Officers and Employees on customs Form 3853, when overtime services

of customs officers are required in connection with the lading or unlading operations covered by Form 3851. Customs Form 3851 has been revised to provide space thereon for requesting overtime services which eliminates the need, when so used, for also filing Form 3853. To prescribe Form 3851 instead of Form 3853 for use in such cases, the Customs Regulations are amended as follows:

1. Section 4.30(f) is amended by deleting the second and third sentences and substituting the following: "The application for such a special license to lade or unlade and request for overtime services of customs officers shall be on customs Form 3851. Arrangements shall be made locally so that the proper customs officer will be seasonably notified during official hours in advance of the rendering of the services as to the nature of the services desired and the exact times that they will be needed."

(Secs. 448, 450, 451, 452, 624, 46 Stat. 714, 715, as amended, 759; 19 U.S.C. 1448, 1450, 1451, 1452, 1624)

2. Section 5.2(b) is amended to read:

(b) No lading of merchandise requiring customs supervision on any vessel or vehicle departing for a contiguous country by any route, and no unlading of any passenger or merchandise (including baggage) from any vessel of less than 5 net tons or vehicle arriving from a contiguous country by any route, shall be done at night or on a Sunday or holiday until the collector has granted an application for a special license therefor. The foregoing requirement shall not apply to the unlading of passengers from any such vessel arriving from a contiguous country otherwise than by sea when such vessel is not carrying baggage or other merchandise. The application for the license and request for any reimbursable overtime services required of customs officers shall be on customs Form 3851, except that in the cases of vessels of less than 5 net tons and vehicles, not engaged in the carriage of persons or property for hire, the collector in his discretion and under such conditions as he deems advisable may allow the application to be made orally. In the cases of the vessels and vehicles last mentioned, the collector may authorize his customs inspectors to grant oral permission for unlading at night or on a Sunday or holiday and to grant requests on Form 3853 required in such a case for reimbursable overtime services.

(Secs. 448, 450, 451, 452, 459, 624, 46 Stat. 714, 715, as amended, 717, as amended, 759; 19 U.S.C. 1448, 1450, 1451, 1452, 1459, 1624)

3. The second sentence of § 6.2(e) is amended to read: "The application for such a special license to lade or unlade and request for overtime services of customs officers shall be made on customs Form 3851."

(Sec. 624, 46 Stat. 759, sec. 1109, 72 Stat. 799; 19 U.S.C. 1624, 49 U.S.C. 1509)

4. The first sentence of § 24.16(c) (1) is amended by inserting "3851," after "customs Form 3171," so that the sentence will read as follows: "(1) Except as

provided for in subparagraph (2) of this paragraph, an application for services of customs employees at night or on a Sunday or holiday, customs Form 3171, 3851, or 3853, supported by the required cash deposit or bond, shall be filed in the office of the collector before the assignment of such employees for reimbursable overtime services."

(R.S. 161, as amended, 251, sec. 624, 46 Stat. 759; 5 U.S.C. 22, 19 U.S.C. 66, 1624)

Title 18—CONSERVATION OF POWER

Chapter I—Federal Power Commission

[Docket No. R-197; Order 233]

PART 141—STATEMENTS AND REPORTS (SCHEDULES)

Form of Initial Cost Statement for Licensed Projects

MAY 16, 1961.

By Order No. 182 issued January 31, 1956 (21 F.R. 928; 15 FPC 789), the Commission prescribed a revised Form No. 6, a statement of initial cost required to be filed by licensees of hydroelectric projects pursuant to section 4(b) of the Federal Power Act (16 U.S.C. 797 (b)). The schedules in Form No. 6 are based upon and correspond to the detailed accounts of the licensees required to be kept in accordance with the Uniform System of Accounts prescribed by the Commission for public utilities and licensees.

By a series of orders recently issued the Commission revised the Uniform System of Accounts, effective January 1, 1961.¹ Among other changes, the revision redesignated many of the accounts with the result that the designation of the accounts utilized by or referred to in Form No. 6 do not conform to the designations in the revised system.

The amendments herein adopted are not intended to make any substantive changes in the content of Form No. 6, but are solely for the purpose of conforming the references to account numbers and titles therein contained to the recently revised Uniform System of Accounts which became effective January 1, 1961.

The Commission finds:

(1) It is necessary and appropriate for the purposes of administration of the Federal Power Act that § 141.11 of the regulations under the Federal Power Act and FPC Form No. 6 prescribed thereby be amended as herein provided.

¹ Order No. 218, 25 F.R. 5014; Order No. 225, 25 F.R. 12764; Order No. 226, 25 F.R. 12961.

(2) In view of the technical nature of the amendments and the fact that no changes of substance are involved, prior general notice pursuant to section 4(a) of the Administrative Procedure Act is unnecessary and good cause exists to make the amendments effective as ordered herein.

The Commission, acting pursuant to authority granted by section 309 of the Federal Power Act (16 U.S.C. 825h), orders:

(A) In paragraph (c) of § 141.11 of Chapter I of Title 18 of the Code of Federal Regulations, the references to account numbers in the titles of schedules Nos. 9-A, 9-B, and 9-C are deleted.

(B) FPC Form No. 6, *Initial cost statement for licensed projects*, as prescribed by Order No. 182, § 141.11, is amended by substituting for the existing references to the account numbers and titles contained in the Uniform System of Accounts prescribed for public utilities and licensees in effect prior to January 1, 1961, the account numbers and titles in the revised system of accounts which became effective upon that date.

(C) These amendments shall become effective upon the issuance of this order.

By the Commission.

[SEAL] Joseph H. Gutride,
Secretary.

CALIFORNIA

Restoration of Lands in Sierra National Forest (Federal Power Projects Nos. 67 and 105)

1. In DA-978-California, issued January 19, 1960, the Federal Power Commission vacated Power Project No. 105 so far as it affects the following-described lands:

MOUNT DIABLO MERIDIAN

T. 9 S., R. 25 E.,
Sec. 7, N $\frac{1}{2}$ SE $\frac{1}{4}$ and SE $\frac{1}{4}$ SE $\frac{1}{4}$;
Sec. 8, N $\frac{1}{2}$ SW $\frac{1}{4}$;
Sec. 20, NE $\frac{1}{4}$ SE $\frac{1}{4}$.

Aggregating 240 acres.

2. In its determination, the Commission, noting that only those portions of the following-described lands constituting the part of the channel of North Fork Stevenson Creek used as a conveyance for water from Huntington Lake to Shaver Lakes, were reserved in connection with Project No. 67, made a favorable determination with respect thereto:

MOUNT DIABLO MERIDIAN

T. 9 S., R. 25 E.,
Sec. 16, SE $\frac{1}{4}$ NE $\frac{1}{4}$, W $\frac{1}{2}$ SE $\frac{1}{4}$, and NE $\frac{1}{4}$ SE $\frac{1}{4}$;
Sec. 20, NE $\frac{1}{4}$ SE $\frac{1}{4}$;
Sec. 21, SW $\frac{1}{4}$ NW $\frac{1}{4}$.

Aggregating 240 acres.

Being those portions of the lands described, which lie within the boundary of Project No. 67 as delineated on maps described in the determination.

3. Pursuant to authority contained in section 24 of the Federal Power Act of June 10, 1920, as amended, the lands above described in Paragraphs 1 and 2 of this order are hereby opened to application by the State of California, under any law or regulation applicable thereto, for the reservation to it or to any of its political subdivisions, of any of the lands required for rights-of-way or materials sites in accordance with the provisions of said section 24 of the Act of June 10, 1920 (41 Stat. 1075; 16 U.S.C. 818), as amended.

4. Beginning at 10:00 a.m., on August 14, 1961, the lands shall be open to such forms of disposition as may by law be made of national forest lands, subject however, with respect to the lands described in Paragraph 2 of this order, to the provisions of section 24 of the Federal Power Act as amended, and to the prior rights of the licensee for Project No. 67 and its successors to use said lands for project purposes as provided in the license for the project.

Inquiries concerning the lands shall be addressed to the Manager, Land Office, Bureau of Land Management, Sacramento, California.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

3. Public Land Order No. 734 of July 20, 1951, reserving a tract of land containing 37.5 acres in the vicinity of U.S. Survey 2802, described by metes and bounds, for use of the Department of Agriculture and the Bureau of Land Management as the Whipple Creek Public Service Site, is hereby revoked. The lands are partly within and partly without the Tongass National Forest.

4. Until 10:00 a.m., on November 13, 1961, the State of Alaska shall have a preferred right to select the lands released by this order in accordance with and subject to the limitations and requirements of the Act of July 28, 1956

(70 Stat. 709; 48 U.S.C. 46-3b), and sections 6(g) of the Alaska Statehood Act of July 7, 1958 (72 Stat. 339), and the regulations in 43 CFR 76.1-76.18. Thereafter, the lands will not be subject to disposition under the public land laws unless and until it is so provided by order of an authorized officer of the Bureau of Land Management.

JOHN A. CARVER, JR.,
Assistant Secretary of the Interior.

ALASKA

Revoking Public Land Order No. 1525 of October 15, 1957

By virtue of the authority vested in the President and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. Public Land Order No. 1525 of October 15, 1957, withdrawing the following-described lands for administration or transfer in accordance with the Act of May 4, 1956 (70 Stat. 130), is hereby revoked:

Parcel No. 1

U.S. Survey No. 3298

Tract 2, lot 4.

The tract described contains 2.62 acres.

Parcel No. 2

Beginning at Corner No. 2, lot 5, identical with Corner No. 1, lot 6, Tract 5, U.S. Survey 3298 thence

Northwesterly, 16 chains, approximately, following the shore line of Tangle Lake to the extreme northerly bank of the stream flowing into the lake;

West, 8 chains, approximately, to the 146th Meridian;

South, 10 chains, approximately, to the most northerly bank of the stream running between the two Tangle Lakes;

Southwesterly, 40 chains along the left limit of the stream to its intersection with the north boundary of the 100 feet Denali Highway right-of-way;

Easterly, along the northerly boundary of the right-of-way to the southwest corner of Tract 5, U.S. Survey No. 3298;

Easterly, along the southerly boundary to Corner 3, lot 5 and Corner 4 of lot 6, Tract 5, U.S. Survey No. 3298;

N. 3°10' E., 7.672 chains to point of beginning.

The tract described contains approximately 60 acres of unsurveyed lands and lot 5, Tract 5, U.S. Survey No. 3298 containing 10.33 acres.

Parcel No. 3

U.S. Survey No. 3298

Tract 3, lots 10 and 11;

Tract 4, lots 12, 13, and 14.

The tracts described contain 2.57 acres.

a. Parcel No. 4

All land within five chains of each bank of the stream connecting the first two lakes of the Tangle Lake Chain north of the Denali Highway and consisting of an area

10 chains wide and approximately 40 chains long.

The area described contains 40 acres.

b. Fairbanks Meridian

T. 7 S., R. 5 E.,
 Sec. 12, SW¼NE¼SW¼SW¼ and SE¼NW¼SW¼SW¼ (part of lot 5).

The tract described contains 5 acres.

2. Lot 5 of Tract 5, and lot 4 of Tract 2, U.S. Survey No. 3298, are under application for transfer to the State of Alaska, as authorized by the Act of May 4, 1956, supra, and are, therefore, not opened to other forms of disposal by this order.

3. Most of the lands are located at Tangle Lakes, approximately Mile 20 of the Denali Highway.

4. Until 10:00 a.m., on November 13, 1961, the State of Alaska shall have a preferred right to select the lands in accordance with and subject to the limitations and requirements of the Act of July 28, 1956 (70 Stat. 709; 48 U.S.C. 46-3b), section 6(g) of the Alaska Statehood Act of July 7, 1958 (72 Stat. 339), and the regulations in 43 CFR 76.1-76.18.

5. Thereafter the lands will not be subject to disposition under the public land laws unless and until it is so provided by order of an authorized officer of the Bureau of Land Management.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Fairbanks, Alaska.

JOHN A. CARVER, JR.,
Assistant Secretary of the Interior.

WYOMING

Revoking Certain Petroleum Reserves

By virtue of the authority vested in the President by section 1 of the act of June 25, 1910 (36 Stat. 847; 43 U.S.C. 141), and pursuant to Executive Order No. 10355 of May 26, 1952, it is ordered as follows:

1. The Executive orders of April 27, 1915; February 8, 1917; February 24, 1917; March 21, 1918, and October 16, 1918, establishing Petroleum Reserves No. 36, Wyoming No. 12; No. 55, Wyoming No. 21; No. 56, Wyoming No. 22; No. 58, Wyoming No. 24, and No. 60, Wyoming No. 25, respectively, are hereby revoked. The areas which were withdrawn by the orders total in the aggregate approximately 85,515 acres.

2. The lands have been subject to appropriation, location, selection, entry or purchase, if otherwise available under the nonmineral public land laws, with a reservation of the minerals to the United States, pursuant to the act of July 17, 1914 (38 Stat. 509; 30 U.S.C. 121). They are either known to be productive of oil and gas or are considered prospectively valuable for oil and gas.

Any disposals of the lands, therefore, shall be subject to the reservation required by the act of July 17, 1914, supra. The lands have been open to applications and offers under the mineral leasing laws and to location for metalliferous minerals, subject to provisions of the act of August 13, 1954 (68 Stat. 708; 30 U.S.C. 521, et seq.). They have also been open to application for their selec-

tion by the State of Wyoming as indemnity for grant lands in place lost to the State.

3. Beginning at 10:00 a.m., on June 21, 1961, the lands will be open to location for nonmetalliferous minerals under the United States Mining laws, including the said act of August 13, 1954, subject to valid existing rights and the provisions of existing withdrawals.

Inquiries concerning the lands should be addressed to the Manager, Land Office, Bureau of Land Management, Cheyenne, Wyoming.

JOHN A. CARVER, Jr.,
Assistant Secretary of the Interior.

BLANKET PERMISSION TO REAPPLY

Notice of Proposed Rule Making

Pursuant to section 4 of the Administrative Procedure Act (60 Stat. 238; 5 U.S.C. 1003), notice is hereby given of the proposed revocation of the last sentence of § 212.2 *Consent to reapply for admission after deportation, removal, or departure at Government expense effective June 30, 1961; such revocation shall not affect any alien who in reliance thereon applied for a visa or applied for admission to the United States prior to that date. The last sentence of § 212.2 was promulgated to enable the Service to speedily process a large accumulation of potential waiver cases under sections 5 and 7 of the Act of September 11, 1957; that backlog has been cleared up and those cases may be handled as individual applications for permission to reapply pursuant to § 212.2, as amended. In addition, the blanket waiver has served to prevent the prosecution of many aliens who have entered the United States without inspection. In accordance with subsection (b) of section 4 of the Administrative Procedure Act, interested persons may submit to the Commissioner of Immigration and Naturalization, Room 767, 119 D Street NE., Washington 25, D.C., written data, views, or arguments relative to the proposed revocation. Such representations may not be presented orally in any manner. All relevant material received within 20 days following the day of publication of this notice will be considered.*

The last sentence of § 212.2 Consent to reapply for admission after deportation, removal, or departure at Government expense is revoked.

INTERNATIONAL AIR PARCEL POST RATES

Notice of Proposed Rule Making

The Department proposes to adopt new international air parcel post rates, effective July 1, 1961. These proposed rates are an addition to the international postage rates and fees which were pub-

lished in the FEDERAL REGISTER of March 14, 1961, at pages 3205 and 3206.

Although the proposed rates relate to proprietary and foreign affairs functions of the Government, it is the desire of the Postmaster General voluntarily to observe the rule making requirements of the Administrative Procedure Act (5 U.S.C. 1003) in order that patrons of the Postal Service may have an opportunity to present written views concerning the proposed rates. Accordingly, such written views may be submitted to Mr. Arthur Eden, Director, Postal Rates Division, Bureau of Finance, Post Office Department, Washington 25, D.C., at any time prior to the thirtieth day following the date of publication of this notice in the FEDERAL REGISTER.

The proposed rates are as follows:

FRESH BARTLETT PEARS, PLUMS, AND ELBERTA PEACHES GROWN IN CALIFORNIA

Expenses and Fixing of Rates of Assessment for 1961-62 Season

Consideration is being given to the following proposals submitted by the Control Committee, established under the marketing agreement, as amended, and Order No. 36, as amended (7 CFR Part 936), regulating the handling of fresh Bartlett pears, plums, and Elberta peaches grown in the State of California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674), as the agency to administer the provisions thereof:

(a) That the Secretary of Agriculture find, with respect to Bartlett pears, early varieties of plums, late varieties of plums, and Elberta peaches, that expenses not to exceed the following amounts are likely to be incurred, during the season beginning March 1, 1961, and ending February 28, 1962, both dates inclusive, by the Control Committee for the maintenance and functioning of such committee and the respective commodity committee established under the afore-said amended marketing agreement and order.

- (1) Bartlett pears, \$18,202.06;
- (2) Early varieties of plums, \$20,-253.12;
- (3) Late varieties of plums, \$22,-210.60; and
- (4) Elberta peaches, \$13,499.22.

(b) That the Secretary of Agriculture fix, as each handler's pro rata share of such expenses, the following rates of assessment which each handler shall pay in accordance with the provisions of said amended marketing agreement and order:

- (1) 8½ mills (\$0.0085) per standard western pear box of Bartlett pears, or its equivalent in other containers or in bulk;
- (2) 8½ mills (\$0.0085) per standard four-basket crate of early varieties of plums, or its equivalent in other containers or in bulk;
- (3) 8½ mills (\$0.0085) per standard four-basket crate of late varieties of plums, or its equivalent in other containers or in bulk; and
- (4) 5 mills (\$0.005) per California peach box of Elberta peaches, or its

equivalent in other containers or in bulk.

All persons who desire to submit written data, views, or arguments for consideration in connection with the proposals may do so by submitting the same to the Director, Fruit and Vegetable Division, Agricultural Marketing Service, United States Department of Agriculture, Washington 25, D.C., not later than the 10th day following publication of this notice in the FEDERAL REGISTER.

Terms used in the amended marketing agreement and order shall, when used herein, have the same meaning as is given to the respective term in said amended marketing agreement and order.

RULES OF PRACTICE IN TRADEMARK CASES

Pending Application Index; Access to Applications

Notice is hereby given that the United States Patent Office proposes to amend one of its rules relating to trademarks. The amendment is proposed to be issued pursuant to the authority contained in Title 15, U.S. Code, section 1123, and Title 35, U.S. Code, section 6, and other authority.

All persons who desire to submit written data, views, arguments or suggestions, for consideration in connection with the proposed amendment, are invited to forward the same to the Commissioner of Patents, Washington 25, D.C., on or before June 30, 1961. An oral hearing will not be scheduled unless sufficient requests for the same are received.

The test of the proposed amended rule follows:

§ 2.27 Pending application index; access to applications.

(a) An index of pending applications including the name and address of the applicant, a reproduction or description of the mark, the goods or services with which the mark is used, the class number the dates of use, and the serial number and filing date of the application will be available for public inspection as soon as practicable after filing. Access to the file of a particular pending trademark application will be permitted prior to publication under § 2.81 upon the showing in writing of good cause for such access. Decisions of the Commissioner in applications and proceedings relating

thereto are published or available for inspection or publication.

(b) After a mark has been registered, or published for opposition, the file of the application and all proceedings relating thereto are available for public inspection and copies of the papers may be furnished upon paying the fee therefor.

FEDERAL AVIATION AGENCY

[14 CFR Part 60]

[Reg. Docket No. 747; Draft Release 61-10]

[Special Civil Air Regs. Nos. SR-424C,
SR-444]

CODED R A D A R BEACON TRANSPONDER REQUIREMENT IN POSITIVE AIR TRAFFIC CONTROL AREAS AND JET ADVISORY AREAS

Notice of Proposed Rule Making

Pursuant to the authority delegated to me by the Administrator (14 CFR Part 405), notice is hereby given that the Federal Aviation Agency has under consideration a proposal to amend Special Civil Air Regulations Nos. SR-424C and SR-444 as hereinafter set forth.

Interested persons may participate in the making of the proposed rule by submitting such written data, views or arguments as they may desire. Communications should be submitted in duplicate to the Docket Section of the Federal Aviation Agency, Room B-316, 1711 New York Avenue NW., Washington 25, D.C. All communications received prior to July 5, 1961, will be considered by the Administrator before taking action upon the proposed rule. The proposals contained in this notice may be changed in the light of comments received. All comments submitted will be available for examination by interested persons in the Docket Section when the prescribed date for the return of comments has expired. Because of the large number of comments which we anticipate receiving in response to this draft release, we will be unable to acknowledge receipt of each reply.

The operating rules of both Special Civil Air Regulation No. SR-424C, in its application to positive control areas, and Special Civil Air Regulation No. SR-444, with respect to Visual Flight Rules (VFR) and VFR-on-top flights in radar jet advisory areas, permit the operation of aircraft equipped with an uncoded radar beacon transponder.

There are currently three types of radar beacon transponders in use. These are the Basic Mark X, the Mark X SIF (Selective Identification Feature) and the ATRCBS (Air Traffic Control Radar Beacon System). Basic Mark X is uncoded and, in normal operation, transmits a single pulse in response to ground interrogations on Mode 3. The

other two transponders are coded and transmit up to nine pulses in each response. Each combination of pulses so transmitted is known as a "code train."

All three transponders are currently used in the air traffic control system. Civil Mode A, which is identical to military Mode 3, has been designated as the Air Traffic Control Mode. This proposal would amend SR-424C and SR-444 by requiring the use of coded beacon transponders operated to reply to Mode 3/A. Experience has revealed that the use of Basic Mark X transponders limits the provision of radar jet advisory service and positive control on an area basis. To accommodate Basic Mark X transponders in these programs, it is necessary for most ground equipment to present all "code trains," resulting in excessive radar scope clutter and thus limiting the use of the primary radar, as well as the radar beacon system.

Many facilities providing radar jet advisory service have decoding capability which could be employed to eliminate "code trains." This feature cannot be employed because of the requirement to provide service to aircraft equipped with Basic Mark X transponders. During the winter of 1961 there will be a temporary decrease in the number of decoder-equipped ground facilities. This decrease will result from the transfer of the radar jet advisory service function from decoder-equipped Air Defense Command radar facilities to air traffic control facilities which are programmed for, but not yet equipped with, radar beacon decoders. However, a substantial number of facilities will retain decoding capability. Following this period, the number of decoder-equipped facilities will increase. Even during the period when the number of ground decoder-equipped facilities is lowest, the elimination of the requirement to observe Basic Mark X transponder replies will permit improved service within radar jet advisory areas.

Another problem exists at facilities with ground decoding equipment having the capability to simultaneously display returns from both coded and uncoded transponders without displaying "code trains". Such equipment is utilized to provide radar service in positive control area. In order to present a Basic Mark X beacon return on the radar scope, the controller must use a special feature of his decoder. This action results in the display of all coded and uncoded transponder returns received by the ground equipment. This precludes the use of the selectivity capability of coded radar beacon equipment and clutters up the radar scope.

This proposal would permit adjustment of ground equipment to observe only coded radar beacon transponder responses, eliminate the undesirable display of "code trains" and permit a higher degree of selectivity in the identification and flight following of aircraft.

Should a valid requirement exist to operate aircraft not equipped with coded radar beacon transponders within a positive control area, authorization may be obtained as provided for in SR-424C. VFR flights and Instrument Flight Rules (IFR) flights cleared to maintain "VFR conditions" or "VFR conditions on top," which are not equipped with coded radar beacon transponders, may operate in radar jet advisory areas by obtaining the authorization provided for in SR-444. IFR flights assigned specific altitudes are not required to be equipped with radar beacon transponders to operate within radar jet advisory areas.

In the interest of brevity and clarity, paragraphs 3(a) of SR-444 and (1)(c)(2) of SR-424C would be shortened by deleting the words " * * * for the area in which flight is conducted."

In view of the foregoing, it is proposed to amend:

1. Special Civil Air Regulation No. SR-424C by changing the reference of foot-

note 1 to footnote 2, by adding a new footnote 1 and by amending paragraph (1)(c)(2) to read as follows:

(2) Be equipped with a coded radar beacon transponder which shall be operated to reply to Mode 3/A interrogation with any code specified by air traffic control.¹

¹ Mode A is identical to military Mode 3. For purposes of brevity and clarity, it is referred to herein as Mode 3/A.

2. Special Civil Air Regulation No. SR-444 by amending footnote 2 and by amending paragraphs 3(a)(i) and 3(a)(ii) to read as follows:

(a) In radar jet advisory areas, (i) aircraft equipped with a coded radar beacon transponder shall operate the transponder to reply to Mode 3/A interrogation with any code specified by air traffic control.²

(ii) Aircraft not equipped with a functioning coded radar beacon transponder shall obtain specific prior authorization from air traffic control, except that flights unable to obtain authorization because of radio failure may transit jet advisory areas by maintaining the appropriate VFR cruising flight level specified in § 60.32 of the Civil Air Regulations.

² Mode A is identical to military Mode 3. For purposes of brevity and clarity, it is referred to herein as Mode 3/A. Mode 3/A requirements and other detailed operational procedures for the radar beacon transponder are published in the Airman's Guide and are also depicted on Flight Information Publication—"En Route—High Altitude (U.S.)," and U.S. Coast and Geodetic Survey Radio Facility Chart—"High Altitude—En Route."

This amendment is proposed under the authority of section 307 of the Federal Aviation Act of 1958 (72 Stat. 749; 49 U.S.C. 1348).

Issued in Washington, D.C., on May 15, 1961.

D. D. THOMAS,
Director, Bureau of
Air Traffic Management.

COLORADO

Notice of Proposed Withdrawal and Reservation of Lands

The United States Forest Service of the Department of Agriculture has filed an application, Serial Number Colorado 048874, for the withdrawal of the lands described below from location and entry under the General Mining Laws, subject to existing valid claims.

The applicant desires the land for use as campgrounds, picnic grounds, recreation areas, ecological study area and fish habitat study area. The various areas are in the Roosevelt and Rio Grande National Forests in Colorado.

For a period of thirty days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal may present their views in writing to the undersigned officer of the Bureau of Land Management, Department of the Interior, Colorado State Office, 331 New Custom House, P.O. Box 1018, Denver 1, Colorado.

If circumstances warrant it, a public hearing will be held at a convenient time and place, which will be announced.

The determination of the Secretary on the application will be published in the FEDERAL REGISTER. A separate notice will be sent to each interested party of record.

The lands involved in the application are:

FEDERAL POWER COMMISSION

[Docket Nos. G-9146, G-9498]

SHAMROCK OIL AND GAS CORP.

Order Granting Petition To Reopen
Proceedings and Fixing Date of
Hearing

MAY 15, 1961.

On April 17, 1961, Shamrock Oil and Gas Corporation (Shamrock) filed petition to reopen proceedings herein citing as grounds therefor, the Opinion and Order of the Court of Appeals for the District of Columbia Circuit in *Minneapolis Gas Company v. Federal Power Commission*, ___ F.2d ___, No. 15452, decided March 9, 1961, remanding the case to the Commission for entry of a decision and permitting the Commission to reopen the proceedings (Slip Opinion p. 10).

Shamrock is an independent producer of natural gas. Its contracts with Northern Natural Gas Company (Northern), an interstate pipeline company, initially provided for rates of 8 cents per Mcf for dry sour gas and 9 cents per Mcf for casinghead gas, all from the West Panhandle Field in Texas. The contracts, contained in its FPC Gas Rate Schedule Nos. 2 and 3, provide for only one price increase in each rate schedule during the 20-year term of the contracts, that is, five years after the inception of the stated initial prices, the prices shall be increased one cent per Mcf. Upon the basis of these periodic escalation clauses, Shamrock filed corresponding notices of changes in rates and charges in June and September 1955.

By order issued March 29, 1956, the Commission consolidated the two pro-

ceedings herein for hearing and subsequently permitted intervention by Minneapolis Gas Company (Minneapolis), Northern Council Bluffs Gas Company and Central Electric & Gas Company.

The consolidated proceedings came on for hearing July 25, 1956. At the conclusion of the presentation by Shamrock of its case-in-chief, staff counsel moved to dismiss the proposed increases in rates and charges on the grounds that Shamrock had not discharged the burden of proof imposed by section 4(e) of the Natural Gas Act. Minneapolis joined in the motion.

The presiding examiner rendered a decision in May 1957, holding the evidence to be inadequate to meet the standard under section 4(e) of the Act for a prima facie determination that the rates were just and reasonable.

The Commission reversed the examiner's decision by order issued August 6, 1959, terminated the proceedings and provided that the increased rates "shall remain in effect until changed in accordance with the provisions of the Natural Gas Act." By orders issued herein January 23, 1956, and July 16, 1959, said rates had been made effective and collectible subject to refund.

On November 20, 1959, the Commission issued its opinion setting forth the reasons for its having denied rehearing and for terminating the proceeding (22 FPC 882). Minneapolis, having preserved its procedural rights during the course of the litigation and asserting a material interest in the amount subject to refund, petitioned the United States Court of Appeals for the District of Columbia Circuit for review of the orders of the Commission, which court for the reasons related in its opinion cited above, reversed the Commission and, among other things, granted discretionary authority to reopen these proceedings.

The Commission finds: Good cause exists for reopening these proceedings and holding further hearings for the purpose of affording all parties of record the opportunity to submit evidence, testimony and argument on the issue of whether the proposed increased rates and charges contained in Supplement Nos. 2 and 3 to Shamrock's FPC Gas Rate Schedule Nos. 2 and 3, respectively, are just and reasonable under the provisions of the Natural Gas Act.

The Commission orders:

(A) The proceedings in Docket Nos. G-9146 and G-9498 are reopened for the specific purpose hereinabove stated, and the proceedings are hereby remanded to the presiding examiner for such further hearing.

(B) A public hearing be held on June 12, 1961, at 10:00 a.m., e.d.s.t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters and issues involved in these consolidated proceedings.

By the Commission.

Secretary.

[Project No. 2227]

JOHN CHANDLER SLAGLE

Notice of Application for License

MAY 16, 1961.

Public notice is hereby given that John Chandler Slagle, of Nenana, Alaska, has filed application under the Federal Power Act (16 U.S.C. 791a-825r) for license for proposed water-power Project No. 2227, to be located on Nenana River near mile 356.2 on the Alaska Railroad, approximately two miles north of McKinley National Park Boundary, in the Fourth Judicial Division, State of Alaska, affecting lands of the United States within the Alaska Railroad right-of-way and other lands of the United States, and to consist of a rock fill dam 90 feet high and approximately 425 feet long with impervious core and asphaltic concrete face; concrete spillway 100 feet wide controlled by two drum gates 20 by 50 feet; gated intake structure; two 15-foot diameter reinforced concrete conduits each 200 feet in length; powerhouse containing two 10,600-horsepower horizontal turbines connected to a 15,000-KW generator; tailrace; substation; transmission line; and other appurtenant equipment and structures.

Pursuant to section 24 of the Federal Power Act, the filing of this application has the effect of segregating from all forms of disposal any lands of the United States which may be contained within the project.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure of the Commission (18 CFR 1.8 or 1.10). The last date upon which protests or petitions may be filed is July 31, 1961. The application is on file with the Commission for public inspection.

[Docket No. CP61-244]

TEXAS GAS TRANSMISSION CORP.

Notice of Application and Date of
Hearing

MAY 16, 1961.

Take notice that on March 16, 1961, Texas Gas Transmission Corporation (Applicant), P.O. Box 577, Owensboro, Kentucky, filed in Docket No. CP61-244 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of routine field facilities to enable Applicant to take into its certificated main pipeline natural gas which will be purchased from producers thereof in the general area of Applicant's existing transmission system from time to time during the 12-month period commencing May 30, 1961, at a total estimated cost not to exceed \$3,000,000, with no single project to exceed a cost of \$500,000, all as more fully set forth in the applica-

tion which is on file with the Commission and open to public inspection.

The purpose of this budget type proposal is to augment Applicant's ability to act with reasonable dispatch in securing by contract and connecting to its pipeline system new supplies of gas in various producing areas generally co-extensive with its pipeline system.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act, and the Commission's rules of practice and procedure, a hearing will be held on June 15, 1961, at 9:30 a.m., e.d.s.t., in a Hearing Room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before June 5, 1961. Failure of any party to appear at and participate in the hearing shall be construed as waiver of and concurrence in omission herein of the intermediate decision procedure in cases where a request therefor is made.

IDAHO

Vacation of Land Withdrawals in Projects Nos. 832 and 1852

MAY 16, 1961.

The Forest Service, United States Department of Agriculture, has requested revocation of the withdrawals pertaining to the lands which were reserved pursuant to the filing of applications for licenses for Projects Nos. 832 and 1852.

Pursuant to the filing on October 5, 1927, of an application for a license for constructed Project No. 832, the Commission in its two October 11, 1927, withdrawal notification letters, as corrected by the Commission's two February 9, 1928, letters, described the lands as—

BOISE MERIDIAN, IDAHO

T. 13 N., R. 7 E.,
Sec. 1, lots 4 and 5.
T. 14 N., R. 7 E.,
Sec. 35, N $\frac{1}{2}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$.

and all portions of the following-described lands lying within 25 feet of the center line of the transmission line location—

BOISE MERIDIAN, IDAHO

T. 13 N., R. 7 E.,
Sec. 1, lot 5, NW $\frac{1}{4}$ SW $\frac{1}{4}$;
Sec. 2, SE $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ SE $\frac{1}{4}$, S $\frac{1}{2}$ SE $\frac{1}{4}$;
Sec. 11, W $\frac{1}{2}$ E $\frac{1}{2}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$.

The Commission on July 18, 1928, issued a license for constructed major Project No. 832, located on Deadwood River in Valley County, Idaho, and affecting lands of the United States within the Boise (then Payette) National Forest. The license was revoked by Court Decree on April 4, 1939.

On March 19, 1941, an application was filed for a license for Project No. 1852, for the project facilities formerly licensed as Project No. 832. No notice was given of the land withdrawal in connection with Project No. 1852 since the lands were amply covered by the reservation created pursuant to the filing of the application for a license for Project No. 832.

A license for Project No. 1852 was issued on March 2, 1942, and surrender of the license for the project was accepted effective as of December 31, 1950.

The sole purpose of the project for which the lands were withdrawn was for the generation of power for the mining and reduction of minerals. The mines are no longer in operation. The power facilities have been removed from the lands and some of the mine buildings have been converted for use as a forest camp.

The lands are located in the upper headwaters of Deadwood River, approximately 10 miles upstream from the upper limits of the existing Deadwood Reservoir developed by the Bureau of Reclamation in about 1930.

No plan is known that proposes use of the lands in connection with power development. It appears that the nearest proposed water conservation project is on the South Fork Payette River, approximately 70 miles downstream. The power value of the lands appears to be negligible.

The Commission finds: Inasmuch as the above-described lands have negligible value for purposes of power development, the existing power withdrawals pertaining to the lands under section 24 of the Federal Power Act pursuant to the filing of applications for licenses for Projects Nos. 832 and 1852 serve no useful purpose and vacation of the withdrawals is in the public interest.

The Commission orders: The existing power withdrawals pertaining to the above-described lands under section 24 of the Federal Power Act pursuant to the filing of the applications for licenses for Projects Nos. 832 and 1852 are vacated.

By the Commission.

JOSEPH H. GUTRIDE,
Secretary.

[Docket No. CP61-250]

TENNESSEE GAS TRANSMISSION CO.

Notice of Application and Date of Hearing

MAY 16, 1961.

Take notice that on March 21, 1961, as supplemented on April 14, 1961, Tennessee Gas Transmission Company (Applicant), P.O. Box 2511, Houston 1, Texas, filed in Docket No. CP61-250 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of an unspecified number of metering and regulating stations and appurtenant facilities from the date of authorization through the calendar year 1962, to enable Applicant to establish new and additional delivery points for the sale and delivery of natural gas to existing customers, at a total estimated cost not to exceed \$200,000, with no single installation to exceed a cost of \$50,000, all as more fully set forth in the application and supplement which are on file with the Commission and open to public inspection.

Deliveries of natural gas through the facilities proposed herein will be restricted to the authorized contract volumes. Issuance of the certificate under this "budget-type" proposal will obviate the filing and processing of individual minor, routine applications.

This matter is one that should be disposed of as promptly as possible under the applicable rules and regulations and to that end:

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held on June 15, 1961, at 9:30 a.m., e.d.s.t., in a hearing room of the Federal Power Commission, 441 G Street NW., Washington, D.C., concerning the matters involved in and the issues presented by such application: *Provided, however*, That the Commission may, after a non-contested hearing, dispose of the proceedings pursuant to the provisions of § 1.30(c) (1) or (2) of the Commission's rules of practice and procedure. Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington 25, D.C., in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before June 5, 1961. HANOVER-SIGNATURE RECORD CORP.

Order Temporarily Suspending Exemption, Statement of Reasons Therefor, and Notice of Opportunity for Hearing

MAY 15, 1961.

I. Hanover-Signature Record Corporation, 119 West 57th Street, New York 19, N.Y., filed a notification on Form 1-A and an offering circular on June 8, 1959, covering a proposed offering of 141,000 shares of Class B stock (\$0.05 par value) at \$2.00 per share for the purpose of obtaining an exemption from the registration requirements of the Securities Act of 1933, as amended, pursuant to the provisions of Regulation A, promulgated under section 3(b) of the Act.

II. The Commission has reasonable cause to believe that the terms and conditions of Regulation A have not been complied with in that the issuer has failed to file, as required by Rule 260 of Regulation A, reports of sales on Form 2-A containing all the information required by this form and has ignored requests by the Commission's staff for such reports.

III. It is ordered, Pursuant to Rule 261 of the general rules and regulations under the Securities Act of 1933, that the

exemption under Regulation A be and hereby is suspended.

Notice is hereby given that any person having any interest in the matter may file with the Secretary of the Commission a written request for a hearing within 30 days after the entry of this order; that within 20 days after receipt of such request, the Commission will, or at any time upon its own motion may, set the matter down for hearing at a place to be designated by the Commission for the purpose of determining whether this order of suspension should be vacated or made permanent, without prejudice, however, to the consideration and presentation of additional matters at the hearing; and that notice of the time and place for said hearing will be promptly given by the Commission.

RAYON STAPLE FIBER FROM WEST GERMANY AND CUBA

Notice of Hearings

Notice is hereby given that the United States Tariff Commission, on May 16, 1961, ordered public hearings held in connection with the investigations instituted under section 201(a) of the Antidumping Act, 1921, as amended (19 U.S.C. 160(a)), with respect to rayon staple fiber from West Germany and rayon staple fiber from Cuba, respectively. Notices of the institution of these investigations were published in the FEDERAL REGISTER on April 25, 1961 (26 F.R. 3548-9).

The respective hearings will be held in the Hearing Room, Tariff Commission Building, Eighth and E Streets NW, Washington, D.C.: that on rayon staple fiber from West Germany at 10 a.m., e.d.s.t., on June 13, 1961; and on rayon staple fiber from Cuba at 2:00 p.m., e.d.s.t., on the same day. Interested parties desiring to appear and to be heard at either or both of these hearings should notify the Secretary of the Commission, in writing, at least three days in advance of the date set for the hearing.

CYLINDER, CROWN, AND SHEET GLASS

"Escape Clause" Report

MAY 17, 1961.

The Tariff Commission today submitted a report to the President in connection with "escape clause" investigation No. 7-101, conducted under section 7 of the Trade Agreements Extension Act of 1951, as amended, with respect to cylinder, crown, and sheet glass dutiable under paragraphs 219 and 224 of the Tariff Act of 1930. This glass is dutiable at rates reduced pursuant to concessions granted in the General Agreement on Tariffs and Trade (GATT).

The Commission unanimously found that cylinder, crown, and sheet glass, except such glass weighing not over 4 ounces per square foot, is being imported into the United States in such increased quantities, both actual and relative (to domestic production) as to cause serious injury to the domestic industry producing like or directly competitive products. A majority of the Commission (Commissioners Talbot, Overton, Jones, and Dowling) also found that, in order to remedy the serious injury, it is necessary that the specific duties on such glass applicable under paragraph 219 be increased to the following rates:

On glass measuring in square inches:	Cents per pound
Not over 384.....	1.3
Over 384 and not over 864.....	1.6
Over 864 and not over 2400.....	1.9
Over 2400:	
Weighing not over 28 ounces per square foot.....	2.4
Weighing over 28 ounces per square foot.....	3.5

Commissioners Schreiber and Sutton found that, in order to remedy the serious injury, it is necessary to increase the duty applicable under paragraph 224 to such glass to 5 percent ad valorem and to increase the duties applicable under paragraph 219 to such glass to the following rates:

On glass measuring in square inches:	Cents per pound
Not over 150.....	1½
Over 150 but not over 384.....	2½
Over 384 but not over 720.....	2½
Over 720 but not over 864.....	2½
Over 864 but not over 1200.....	3
Over 1200 but not over 2400.....	3½
Over 2400.....	3½

Provided, That none of the foregoing weighing under 16 but not under 12 ounces per square foot shall be subject to a less rate of duty than 50 percent ad val.

Copies of the Commission's report are available as long as the limited supply lasts. Address requests to the U.S. Tariff Commission, 8th and E Streets NW., Washington 25, D.C.
